NEW ENGLAND ROSES

SOLD, PLANTED AND GROWING EVERYWHERE

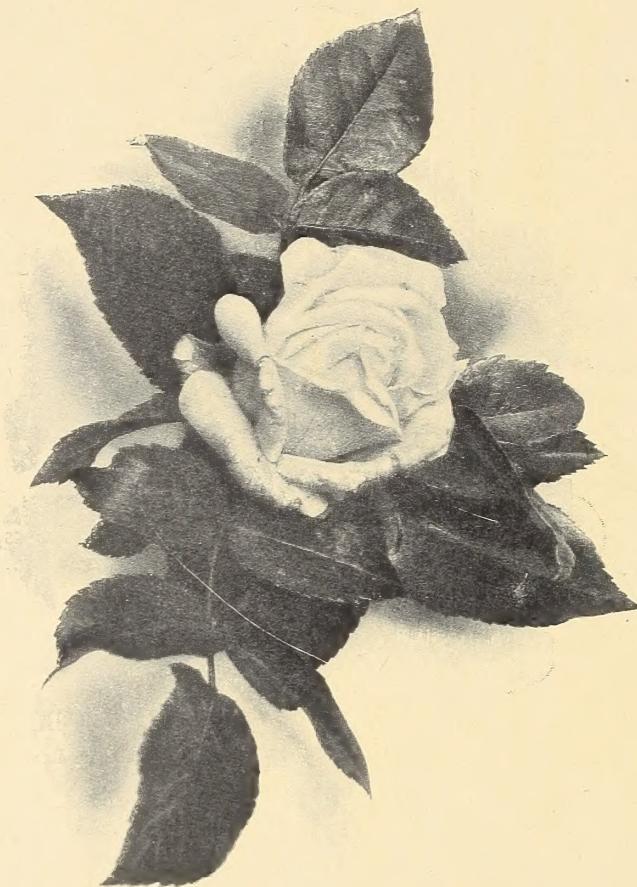

WE DON'T SELL the meas-

ly little "slips" or rooted cuttings called plants, which are being largely advertised, sold and delivered under a penny postage stamp. Nor do we offer a thousand and one varieties described as New and Wonderful but which have no practical value. What's the use of wasting time and money trying to grow worthless things?

WE DO SELL all the

American and European varieties which have been thoroughly tested and found worthy of general cultivation. Our plants are **Two** and **Three** years old, large, field-grown and bear the appearance of and possess "Quality." The prices are very low, quality of stock considered. Every plant is guaranteed.

MARCHIONESS OF LONDONDERRY

BRIEF PLANTING DIRECTIONS

WHEN TO PLANT. Dormant plants should be planted as early in the spring as possible, or as soon as the ground becomes mellow and warm. Tea and ever-blooming roses from pots should not be set out until all danger of frost is past.

LOCATION. Roses should be planted in an open, sunny place.

SOIL. Roses grow well in any rich soil. A liberal amount of manure and good cultivation will improve both bloom and fragrance.

PLANTING. Plant budded Roses three inches above the bud; press earth tightly down on the roots; water well after planting; mulch with coarse strawy manure.

PRUNING. All Roses should be more or less pruned when planted. When pruning older plants, which should be done moderately, the operation should be performed during March.

PROTECTION. All Hybrid Roses give better results if protected in winter. The use of coarse manure, litter or evergreen boughs will accomplish the purpose. It should be removed in early spring.

Hardy Hybrid

and other

GARDEN ROSES

STRONG, FIELD-GROWN PLANTS

35c each; \$2.50 per 10; \$20.00 per 100

Abel Carriere. Rich velvety crimson, with fiery center.

Alfred Colomb. Carmine red; very large and full.

American Beauty. Deep pink; shaded with carmine.

Anne de Diesbach. Clear, bright rose; large and fragrant.

Baron de Bonstettin. Velvety maroon; large and full.

Baroness Rothschild. Bright pink; very large.

Captain Christy. Flesh color.

Clio. Large, flesh-color, shaded with rosy-pink.

Coquette des Alps. White, tinged with blush. Blooms late.

Countess of Oxford. Carmine red; tinged lilac.

Crested Moss. Deep pink colored buds.

Duke of Albany. Vivid crimson, becoming darker.

Duke of Connaught. Rosy crimson, large.

Duke of Edinburgh. Bright crimson.

Earle of Dufferin. Velvety crimson, shaded maroon.

Fisher Holmes. Brilliant crimson.

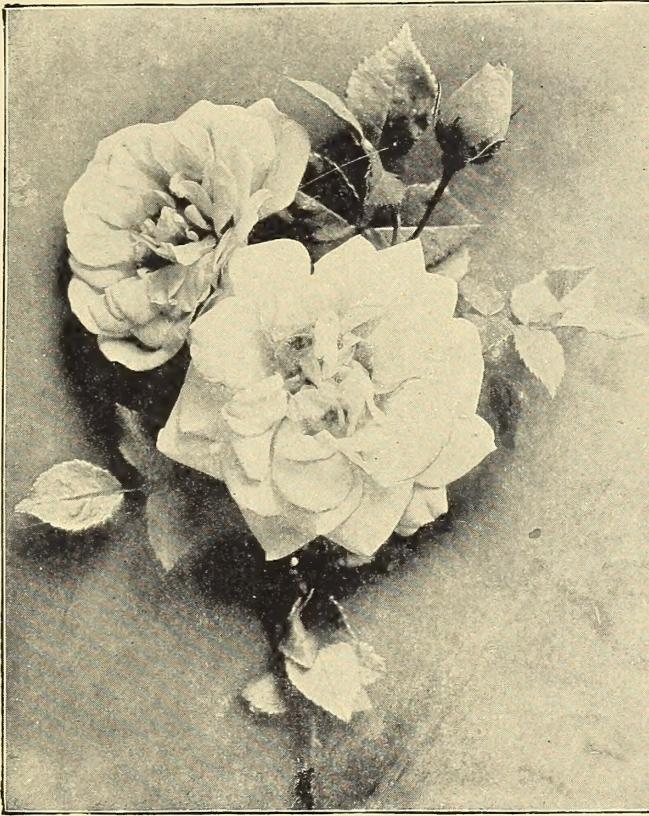

Francis Levet. Cherry red, medium, free bloomer.

Frau Karl Druschki. Pure silvery white.

General Jacqueminot. Bright, scarlet crimson.

Glorie de Margottin. Brilliant scarlet; large; fragrant.

Grus an Teplitz. Scarlet, shading to velvety crimson.

A NEW YELLOW ROSE OF MERIT

SOLIEL d'OR

[Golden Sun]

John Hopper. Bright rose, carmine center.

Jules Margottin. Carmine rose.

Lady Helen Stewart. Bright crimson scarlet.

LaFrance. Silvery rose changing to pink.

Louis Van Houtte. Reddish scarlet.

Mabel Morrison. One of the best white roses.

Mad. Gabriel Luizet. Light, silvery pink.

Mad. Plantier. Pure white; early summer bloomer.

Mad. Caroline Testout. Large, clear bright rose, very sweet.

Mad. Charles Wood. Vivid crimson.

Magna Charta. Pink and Crimson.

Marchioness of Dufferin. Rosy pink suffused with yellow.

Marchioness of Londonderry. Flowers of great size, measuring seven inches across. Color, ivory white. One of the finest roses.

Margaret Dickson. White, pale flesh color.

Marie Baumann. Brilliant carmine crimson; large, full; very fragrant.

Mrs. Jno. Laing. Soft pink, fragrant; blooms late in Autumn.

M. P. Wilder. Cherry carmine.

Merville de Lyon. Pure white.

Mrs. R. G. Sharman-Crawford. Color, deep rosy-pink; flowers large and perfect; free bloomer.

Paul Neyron. Deep rose; very large.

Perle des Blanches. Pure white.

Persian Yellow. Bright yellow.

Pierre Notting. Deep velvety crimson.

Prince Camille de Rohan. Deep velvety crimson.

Soliel d'Or. New. A valuable hybrid, varying in color from gold and orange to reddish gold shaded with nasturtium red.

Ulrich Brunner. Cherry red. A fine rose.

Vick's Caprice. Pink striped with carmine and white.

White Baroness. Pure white.

White Moss. Beautiful in the bud; pure white.

Moss Roses

This class of Roses is grown mostly for the beautiful mossy buds. They require close pruning and high culture.

30 cts. each; \$2.50 per 10; \$20 per 100

Blanche Moreau. Flowers pure white; large and full; buds very beautiful. A rampant grower, being almost as vigorous as a climber.

Crested. Deep pink buds surrounded with mossy fringe and crest; very beautiful and fragrant; growth slender.

Henry Martin. Fine rosy red; large, full and globular; fragrant and mossy.

Princess Adelaide. A vigorous grower; pale rose; of medium size and good form.

Perpetual White. Pure white and very mossy bud.

Salet. A vigorous grower and perpetual bloomer. Light rose; large, full. The best of the class. A true perpetual Moss, blooming at intervals from June to November.

White Moss. M. Pure white; blooms in large clusters; very mossy bud.

Japanese Roses

30 cts. each; \$2.50 per 10; \$20 per 100

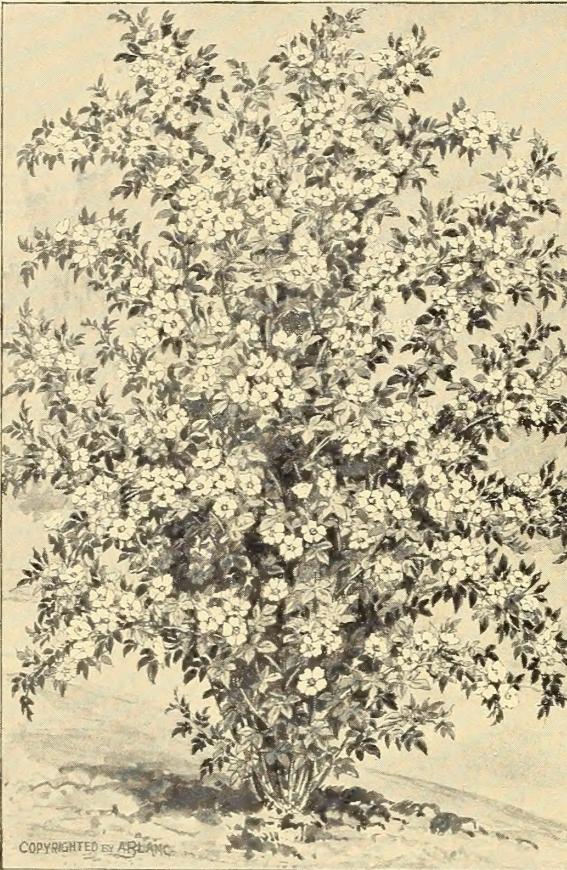

R. rugosa. An upright shrub, attaining 5 to 6 feet in height. Its stout stems are densely beset with prickles; foliage shining dark green, deeply plicated; does not attract insects; flowers single, red, fragrant, and produced freely from June to December; fruit bright crimson-scarlet.

R. var. alba. The habit and foliage is similar to the above, but the flowers are pure white, single and as attractive in the bud as when open; quite fragrant.

Hybrids

Blanc de Coubert. A hybrid variety of merit; flowers pure white, semi-double, fragrant.

Comte d'Epemnesnil. Choice double-flowered variety, with showy, lilac-violet flowers.

HYBRID SWEET BRIAR ROSE

LADY PENZANCE

Conradi Ferdinand Meyer. This variety has attracted much attention on the part of visitors to our nurseries the past season. It is a strong, robust grower, with stout stems thickly beset with prickles. The flower is clear silvery rose, very large and double; delightfully fragrant.

Mme. George Bruant. This is a very free-blooming white variety; a strong grower and blooms continuously; flowers semi-double.

Nova Zembla. This beautiful new Rose is a sport of the well-known Conrad Ferdinand Meyer. It is absolutely hardy, makes a fine bush and flowers as early as its parent. The well-shaped double flowers are pure white and very sweet-scented.

Prostrata (Trailing *Rosa rugosa*). This variety is a hybrid from the well-known *Rosa Wichuriana* and *Rosa rugosa*. It has the foliage and blossom of the latter and the vigorous growth and habit of the former.

Roseraie de l' Hay. A new hybrid Rugosa of which we cannot speak too highly; a good grower; flowers very double; color carmine-cherry-red; it is a free-bloomer and exquisitely scented. A most desirable acquisition.

Sweet Briar Roses

40 cts. each; \$3 per 10

R. rubiginosa. L. The well-known Sweet Briar, with highly scented foliage, small, pink, fragrant flowers and quantities of bright hips. Blooms in June.

Amy Robsart. A robust grower; free-blooming produces deep red flowers.

Flora McIvor. Flowers large, pure white, blushed with rose. Perfect for cutting.

Lady Penzance. Beautiful soft tint of copper, base of petal bright yellow. A free-blooming sort, deliciously perfumed.

Lucy Bertram. A splendid variety, with deep crimson flowers. Free-blooming.

Meg Merrilles. Of robust habit; large foliage; produces freely large crimson flowers followed by numerous seed pods. One of the best.

Hardy Climbing and Rambler Roses

Price, except where noted, 35 cts. each; \$3 per 10; \$20 per 100.

Baltimore Belle. P. Pale blush, nearly white; double; a strong grower; very hardy; the best of its class.

Lord Penzance. Soft shade of fawn, passing to yellow in the center. A good grower and abundant bloomer. Very sweet-scented.

Carmine Pillar. Single Rose, the flower from $3\frac{1}{2}$ to 4 inches across; of the brightest possible rosy carmine; produced very abundantly. 50 cts.

Crimson Rambler. As a climbing or running Rose, it has no equal. The foliage is rich, dark green, the growth rapid, but its great beauty is when the plant is covered with a profusion of the brightest crimson, double flowers which remain on a long time.

Dawson. Hardy; vigorous; tendency to climb high. Flowers in clusters, similar to the *Rosa multiflora*. They are of a deep pink color and quite full; very fragrant.

Debutante. New Rambler Rose. This makes shoots 8 to 12 feet, with trailing habit. Flowers in clusters; color soft pink; deliciously scented. Leaves are almost evergreen. It flowers from September until frost.

Dorothy Perkins. Flowers are very double, of good size and are borne in clusters of ten to twenty, the clusters being borne in racemes of three to five, thus often making a group containing fifty to sixty blossoms upon a single

small branch. The color is a clear shell-pink and holds a long time without fading; very sweetly scented.

Lady Gay. The flowers—in large loose clusters—are of a delicate cherry-pink color, fading to soft tinted white. The effect of a plant in full bloom, with the combination of soft white flowers, cherry-pink buds and deep green of the foliage, is indeed charming. It is perfectly hardy and unsurpassed for climbing work. 50 cts.

Pink Rambler (*Euphrosyne*). Possesses the same valuable features found in the White Rambler, with which it differs only in color of flower, which is a brilliant light carmine.

Queen of the Prairie. P. Bright rosy red, frequently striped with white; large, compact and globular.

Psyche. A new Rambler, in habit like the Crimson Rambler, color white, suffused with salmon, rose and pink, with yellow base to petals.

Philadelphia Rambler. An improvement on the famous Crimson Rambler, flowers being larger, much more double and of a light crimson color.

Rubin. Resembles Crimson Rambler, but has large flowers of a deep red or ruby color. Very attractive.

Sweetheart. The flowers are very double; large, white, with reverse of petals pink. Growth of the plant prostrate and vigorous. For covering banks and rocks this Rose is unique. Sweetly scented. \$1.

White Rambler (*Thalia*). Color pure white, sometimes tinged with blush. Blooms in clusters; vigorous grower.

Yellow Rambler (*Aglia*). Blooms in large clusters which last three or four weeks; color light Yellow.

Creeping Roses

25 cts. each; \$2 per 10; \$18 per 100

R. Wichuriana (The Memorial Rose). Used extensively in cemeteries, for covering embankments and stonework; it creeps rapidly over the surface, forming a mat of dark green foliage; flowers are pure white, borne in clusters and fragrant.

Wichuriana Hybrids

Evergreen Gem. Creamy white.

Gardenia. Cream color.

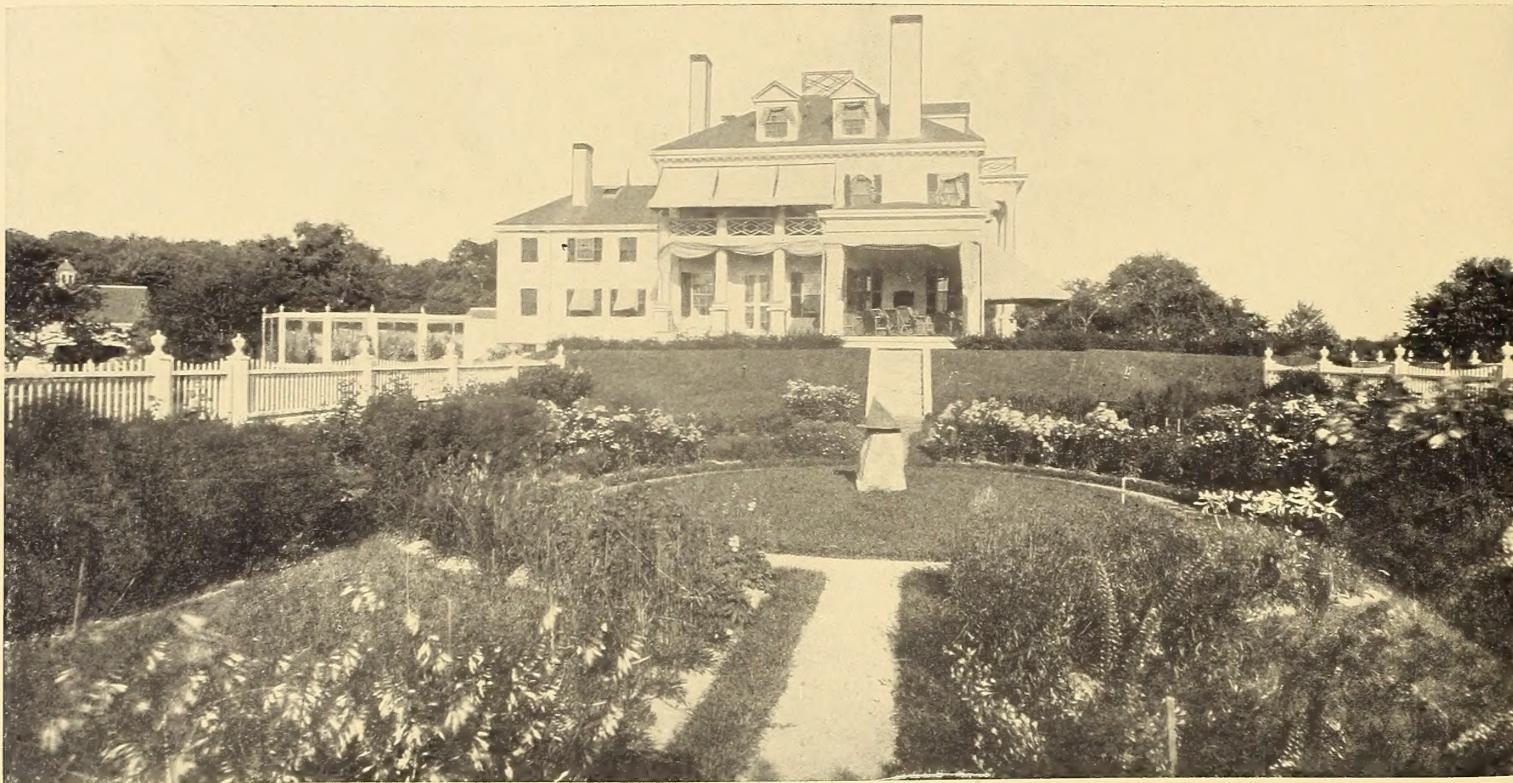

Jersey Beauty. Yellow.

Manda's Triumph. Double white.

Pink Roamer. Single, pink.

South Orange Perfection. Double blush-pink.

Universal Favorite. Double rose.

GARDEN DESIGN AND PLANTING

We design and plant many of the perennial gardens every year. We also furnish plans and planting lists which can be carried out by any intelligent gardener. These designs are not copied, but are drawn to fit any shape and size of plot or border. Some of the most beautiful gardens in New England have been planted with stock from our nurseries. A complete list of plants with descriptions, will be found in **Our New General Catalog**. Mailed free to interested parties.

HARDY PERENNIAL PLANTS, FERNS AND GRASSES

Prices except where noted, for field-grown plants, 15 cents each; \$1.20 per 10; \$10.00 per 100. Fifty furnished at 100 rates. Single plants by mail 25 cents.

Aquilegia. Columbine

Aquilegia caerulea. The true blue Rocky Mountain Columbine. 1 to 1½ feet. April to July. Flowers two inches across, whitish but variously tinted with light blue and yellow.

A. Californica hybrida. 2 to 3 feet. May to September. Flowers large, with scarlet sepals and yellow petals.

A. Canadensis (Common Columbine of America). June and July. Scarlet sepals and bright yellow petals.

A. Chrysanthia. Height 3 to 4 feet. May to August. Golden yellow flowers, with long, slender spurs.

A. Skinneri. 3 feet. July to September. Crimson sepals lined with light green; light green petals and long, straight crimson spurs.

A. vulgaris. 3 to 4 feet. April to June. Flower in all shades of blue, white red and purple.

var. alba. Large, pure white flowers.

Arabis. Rock Cress

Arabis albida. 6 to 9 inches. Especially adapted for rock work and edgings and for covering steep banks; fragrant white flowers in May.

var. flore pleno. Double-flowering form of the above.

BACCONIA CORDATA

Achillea. Milfoil, or Yarrow

Achillae AEgyptica. 12 to 18 inches. June to October. Flat heads of pale yellow flowers and silvery coarse-toothed foliage.

A. Millefolium. var. roseum (Rosy Milfoil). Rosy pink flowers in dense heads, on stems 18 inches high. Blooms all summer.

A. Ptarmica, var. *The Pearl*. Small, double, white flowers covering the plant in July; much used for cut-flowers and in cemeteries.

Aconitum

Aconitum autumnale (Autumn Aconite). 3 to 5 feet. October. Blue, lilac, or whitish flowers in a simple spike, becoming a panicle; showy.

A. Napellus (True Monkshood). June to July. Stems erect, 3 to 4 feet; flowers blue.

A. uncinatum (Wild Monkshood). 3 to 5 feet. Deep purple flowers in June and July.

Armeria. Sea Pink

A. maritima (Thrift, or Cushion Pink). 9 inches. June and July. Valuable for edging; flowers fine purple; foliage grass-like.

Asclepias. Milkweed

Asclepias incarnata. 3 to 4 feet. Showy heads of red or purplish red flowers in July.

A. tuberosa (Butterfly Weed). 2 feet. July to September. Brilliant orange-colored flowers; excellent for dry banks and fields.

Astilbe, or Spiraea

Astilbe Chinensis. 18 in. July and August. Finely cut foliage; pink flowers.

A. Japonica. 2 ft. June and July. Plume-like spikes of pure white flowers and pretty dark green foliage. Valuable for garden or forcing.

Bocconia. Plume Poppy

Bocconia cordata. 5 to 8 ft. July and August. An attractive plant with large heart-shaped foliage; spikes of purplish white flowers.

Boltonia. False Chamomile

Boltonia asteroides. October. Stems 2 to 8 ft., simple below and branching at the top. Numerous aster-like white flowers.

B. latisquama. 5 ft. July to October. A handsome plant with large showy heads of lilac purple flowers.

Campanula. Bellflower

C. carpatica (Carpathian Harebell). 9 to 18 in. June to September. Flowers large, often $1\frac{1}{2}$ inches wide, deep blue.
 var. *alba*. White-flowered variety of the above.

C. glomerata. Height 1 to 2 feet. May to September. Flowers bluish purple, in dense heads.

C. macrantha. Erect, pyramidal bush, 3 to 4 feet high with large purplish blue flowers.

C. media (Canterbury Bell). Biennial, 1 to 4 feet high; flowers blue, white and rose.

C. persicifolia. 3 feet. June and July. Broad single, purple, bell-shaped flowers arranged along a tall flower-spike. A good border plant.
 var. *alba grandiflora*. A pure white form of above.

var. *Moerheimi*. 2 feet. A handsome new form; free, sturdy habit; large, open, pure white, semi-double flowers.

C. rotundifolia (Blue Bells of Scotland). 1 foot June to August. This is the true harebell or bluebell of literature.

C. Van Houttei. 2 feet. Erect stems, bearing immense blue flowers.

Chrysanthemum

Chrysanthemum latifolium. 3 ft. August to September. Grand, bold flowers 2 to 3 in. across, pure white with yellow center.

C. leucanthemum hybridum (Shasta Daisy). 2 $\frac{1}{2}$ ft. Flowers extremely large. White.

C. maximum. 2 $\frac{1}{2}$ ft. July to October. Large pure white flowers. Perfectly hardy.

C. uliginosum. See Pyrethrum.

Hardy Pompon Chrysanthemums

The hardy pompons are rapidly coming into general favor as bedding plants. The flowers are very double and are borne in great profusion. September. All colors. 12 cts. each; \$1.00 per 10; \$8. per 100.

Burbank's New Shasta Daisies

The following varieties are a marked improvement upon the original Shasta Daisy.

Alaska. A gigantic flower averaging nearly 5 inches across. Dwarf in habit. Color, glistening white and very distinct. 25 cents each.

California. In habit like the above, the opening buds, however, of a fine yellow color, changing to white. 25 cents each.

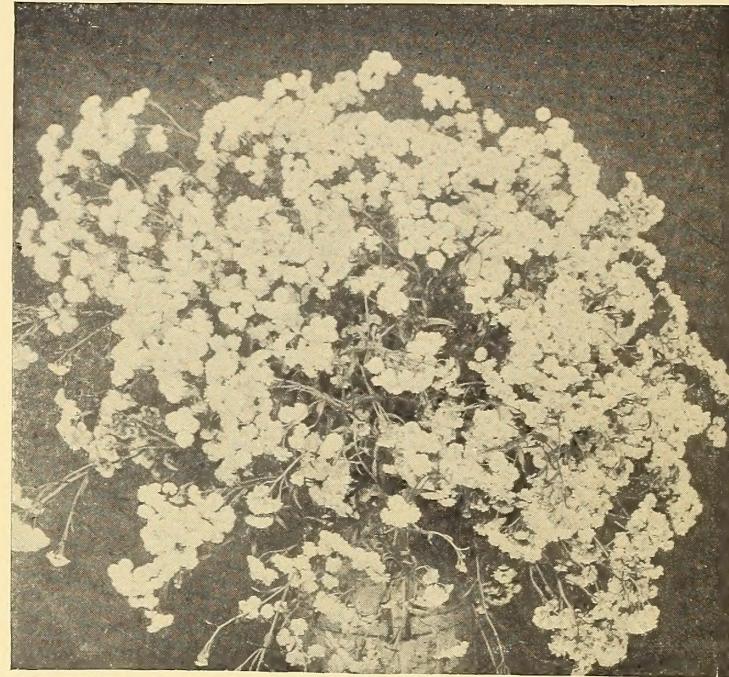

Westralia. Flowers creamy white but habits of plant branching, and distinct in every way, the height of plant ranging from 3 to 4 feet. The flowers are very large and showy. 25 cts. each.

Coreopsis. Tick Seed

C. grandiflora. 3 feet. Early summer until frost. Large yellow flowers on long stems.

C. lanceolata. 2 feet. June. Brilliant golden yellow blossoms in great profusion throughout the season.

C. rosea. July and August. Beautiful rosy pink flowers.

HARDY GARDEN PINKS
 [Dianthus Plumarius]

Dianthus. Pink

Dianthus barbatus (Sweet William). 20 in. June and July. One of the oldest garden flowers; one which perpetuates itself by self-sowing. Colors brilliant and effective.

D. plumarius (Scotch, or Garden Pink). 9 in. June. Pink, purplish and white, fragrant flowers on long spikes. Handsome, glaucous green foliage.

Hybrid Garden Pinks

Essex Witch. A free-blooming pink variety.
Homer. Rich crimson, clover-scented; finely fringed.

Her Majesty. Very large, double, pure white fragrant flowers, freely produced on long stems all summer. 25 cents.

Napoleon III. 10 in. Has very bright crimson flowers. 25 cents.

var. flore pleno. 10 in. Double; brilliant crimson; excellent. 25 cents.

New Mound. Blush-pink; finely fringed. Very fragrant and constant. 25 cents.

Mrs. Sinkins. Large, white flowers; intense spicy fragrance. Finest white, hardy Pink grown.

Delphinium. Larkspur

D. Chinese. 1 ft. June to August. Small, deep, sky-blue flowers. Elegant and distinct dwarf species.

var. alba. White form of the above.

D. formosum. 4 ft. A splendid old hardy plant, with rich blue flowers, tinged with purple; white eye.

var. coelestinum. 3 ft. June and July. Double pale sky-blue, center violet and dark blue.

D. Mixed Hybrids. 3 to 4 ft. Containing all shades of blue.

D. Named Hybrids. A large collection of the best sorts. 25 cents, \$2.00 per 10.

Funkia. Plantain Lily

Funkia lancifolia. 2 ft. August. Spikes of pale lilac flowers; deep green lanceolate foliage.

F. ovata. 2 ft. June. Large, handsome, glossy green foliage; large spikes of trumpet-shaped lilac-colored flowers.

F. subcordata, var. grandiflora. Large, broad, pale green foliage; spikes of snow-white, fragrant flowers.

F. variegata. A fine variety, with variegated foliage and blue flowers.

Gaillardia. Blanket-flower

Gaillardia aristata. 2 ft. June to November. dark red and brown center, with orange, crimson and red petals, shaped into rings of color.

G. grandiflorum. 2 ft. Large, gorgeous flowers of crimson and gold, blooming throughout the season.

Galium. Bed Straw

Galium boreale. 3 ft. June to August. A native plant with small white flowers; stems erect and slightly branched; lanceolate leaves.

Geranium. Crane's Bill

Geranium sanguineum. 18 in. Of compact habit, with bright blood-red flowers. Spreading.

var. album. 18 in. A pure white-flowered form of the above.

Gypsophila. Chalk Plant

G. paniculata (Baby's Breath). 2 to 3 ft. July. Stems stiff and wiry, therefore excellent for cutting. A graceful border plant. Flowers small, white, in large, loose panicles.

G. Stevenii. 2 ft. June and July. A lovely plant similar to paniculata, but more dwarf, earlier and individual flowers larger. Valuable for cutting.

Helenium. Sneezewort

Helenium autumnale. 5 to 6 ft. August and September. A showy and elegant species, with golden yellow flowers.

H. grandicephalum striatum. 4 ft. September. Flowers on branching heads, deep orange striped and blotched with crimson.

H. Hoopesii. 3 to 4 ft. June to September. Flowers bright orange yellow; very showy.

H. pumilum magnificum. 3 feet. Producing throughout the summer a continuous supply of soft, pale yellow flowers.

Helianthus. Sunflower

Helianthus decapetalus. 5 feet. September to frost. Clear yellow flowers; immense panicles.

Helianthus orgyalis. 6 to 8 ft., tall and graceful; flowers 3 to 4 inches in diameter, produced abundantly in September.

H. rigidus. (Prairie Sunflower) 3 to 5 feet. A showy plant, with large, golden yellow flowers.

Hemerocallis. Day Lily

H. aurantiaca major. Large, trumpet-shaped flowers of a deep orange color and sweetly scented flowering during autumn.

H. flava (Lemon Lily). 3 feet. May and June. Flowers clear, full yellow; very fragrant; fine for cutting.

H. fulva. 4 feet. Handsome foliage; large tawny flowers.

H. Kwanso flore pleno. Double flowers, of a rich orange-copper color.

H. Sieboldi. 1 1/2 to 2 feet. July. Flowers orange-yellow; large; leaves long, narrow and tapering.

H. Thunbergiana. 3 feet. June. Rich, clear, beautiful yellow flowers; sweet-scented; late.

Heuchera. Alum Root

Heuchera Americana. 2 to 3 ft. July. A native plant with bright pink flowers; foliage mottled.

H. sanguinea. 18 in. June to August. Flowers bright crimson; very free-flowering; hardy.

Hibiscus. Mallow

H. Moscheutos (Swamp Rose Mallow.) 4 to 6 ft. August. Flowers white with a purplish center, or sometimes pale purple; large.

var. "Crimson Eye" 4 ft. Flowers 6 to 8 inches across, pure white, with crimson center; expand wide; leaves bronze-tinted.

Hollyhocks

The revival of this plant in popular favor is a good indication of the change in taste which is setting in favor of hardy plants. These are well adapted for growth at the rear of garden beds, and for creating effects where tall, showy and withal graceful plants are needed. We offer both double and single sorts in the widest range of color, from white to almost black. Double varieties, 15 cts. each, \$1.20 for 10, \$10 per 100; single varieties, 15 cts. each, \$1.20 for 10, \$10 per 100.

IRIS

GERMAN IRIS. *Iris Germanica*

Including all the broad-leaved varieties, which usually pass as German Iris. They are very useful in a cut state, the buds opening rapidly in water. They bloom in June and require rich soil.

20 cts. each; \$1.50 per 10; \$12 per 100

Aurea. Golden yellow.

Blue Bird. Rich, indigo blue.

Celeste. Pure celestial blue.

Donna Maria. Pearly white, shaded lilac.

Duchesse de Nemours. Pale lilac, purplish violet, veined and margined white.

Flavescens. Light primrose yellow.

Florentina. Light porcelain-blue, changing to pearly white.

Hector. Yellow, brownish red, stained purple.

Honorabilis. Indian-yellow, and chestnut-red.

LaTendre. Lavender, blue, veined violet.

Mad. Chereau. Pure white, distinctly and daintily penciled with violet. Exceedingly decorative.

Pallida speciosa. Rich, lavender-blue.

Princess of Wales. A lovely combination of violet-purple, violet and yellow.

Queen of May (Rosy Gem). Cheerful, bright rosy lavender.

Fringed (Alleghany) Hollyhock

Semi-double flowers; charmingly fringed, possessing odd tints peculiar to this variety only. Superior to all others. Limited stock. 20 cts each, \$1.50 for 10, \$12 for 100.

SINGLE MIXED HOLLYHOCKS

JAPANESE IRIS. *Iris Kaempferi*

A very important group of hardy Iris, quite distinct from any other. They are of strong, vigorous growth, with very large single, double or semi-double flowers, beautifully colored. Well adapted for damp, sunny locations, in loam or sandy soil. We offer a large collection of named varieties. See General Catalog.

Named Double

25 cts. each; \$2 per 10; \$15 per 100

Blue Danube. Deep indigo-blue, violet shading, yellow center; very fine.

Blue Jay. Sky-blue, distinct white lines on each petal.

Chameleon. Dark reddish pink, striped and mottled white.

Charmer. Azure-blue, white center.

Eclipse. Self-color of reddish purple; fine and often triple.

J. C. Vaughan. Pure white; very large and fine.

New York. Reddish maroon, mottled white yellow center.

Orion. Reddish pink center.

Othello. Deep rich purple, light blue towards the center.

Pyramid. Lilac-blue, veined white in center of petals.

Robert Craig. Ash-gray, with violet veins; extra large flowers.

Turban. Light pink, violet-shaded, purple center; one of the best.

Named Single

25 cts. each; \$2 per 10; \$15 per 100

Babylon. Reddish purple; very rich color; extra large flower.

Blue Bird. Deep velvet-blue.

Diana. White-veined, violet-purple, lilac center.

Granite. Purple, spotted and flaked white, lilac center.

Helene von Sieboldt. Deep pink, white lines.

Maltese. Lavender, shaded purple; purple center.

Mirage. Light pink, suffused with a light blue towards the center.

Ondine. Pure white, shaded light blue towards the center. Flowers very large and fine.

Oscar. Dark red-purple, changing to a very light color.

Porcelain Scepter. Bluish white, pink center.

Shadow. Self-color of reddish purple; very fine.

Venus. Pure white.

Named Varieties. Our selection, \$2 for 10.

Double Mixed Varieties. Our selection, \$2 for 10.

Double and Single Mixed. Unnamed, but showy varieties. Our selection, \$1.50 for 10.

Miscellaneous Irises

Iris cristata. Large blue flowers, fringed and spotted with yellow. Early. 8 in.

I. orientalis. Deep blue flowers. May and June.

I. pallida. See German Iris.

I. pseudacorus. A semi-aquatic plant; flowers yellow, shaded orange.

I. Sibirica. Long narrow leaves, pale blue flowers
var. alba. White, veined pale lilac.

I., var. orientalis (Snow Queen). Flowers pure white; one of the finest of the newer varieties. 30 cts. each; \$2.50 per 10.

Lathyrus. Everlasting Pea

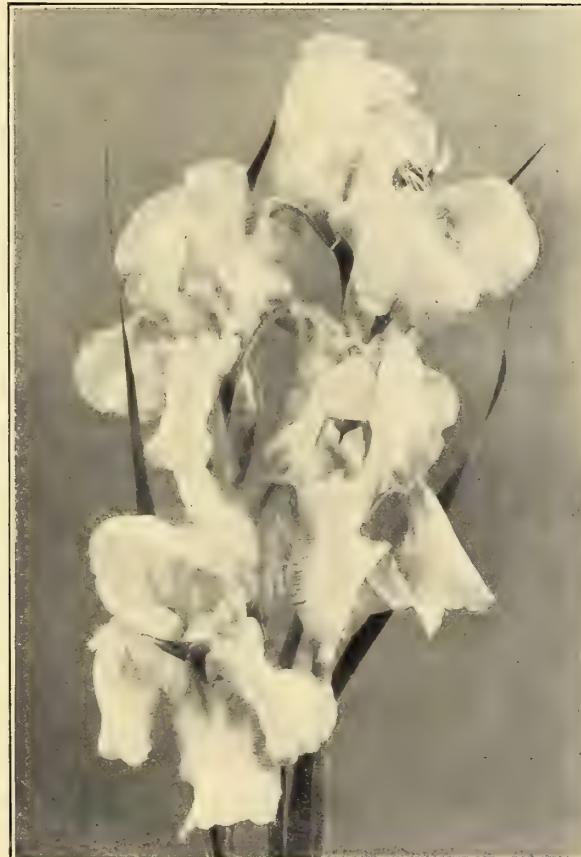

Lathyrus latifolius. (Red Everlasting pea). Flowers large, bright red, on long stems and produced in abundance.

Liatris. Blazing Star

L. pycnostachya. 3 ft. September. Rocket-like spikes of pale, purple flowers.

LILIUM. The Lily

Lilium auratum. 3 ft. July and August. Large, pure white flowers with crimson spots and a gold band through each petal. 20 cents, \$1.50 per 10.

IRIS SNOW QUEEN

L. Batemanniae. 3 to 4 ft. July and August. Clear orange-apricot color, unspotted. 20 cents, \$1.50 per 10.

L. Candense. July. Yellow or orange flowers, spotted with brown.

L. candidum. June and July. Well-known, snow-white, fragrant garden Lily.

L. elegans (*Thunbergianum*). 2 ft. June. Deep scarlet.

L. speciosum album (Japan). 3 ft. August and September. Large, pure white, fragrant flowers.

var. rubrum. August and September. White shaded and spotted with crimson.

L. superbum. 3 to 4 ft. July. Flowers bright reddish orange, conspicuously spotted.

L. tigrinum. (Tiger Lily) 3 ft. August. Flowers in a wide raceme, nodding, bright red, thickly spotted with large purplish spots. A thoroughly old-fashioned and remarkably useful plant.

Lobelia. Cardinal Flower

Lobelia cardinalis. 3 ft. August and September. Ornamental variety, with long spikes of scarlet flowers; green foliage.

Lupinus. Lupin

L. polyphyllus. A common garden species of merit. Deep blue pea-shaped flowers in long spikes.

var. albus. 4 ft. July and August. A fine, bold showy perennial with white flowers.

Lychnis. Lamp Flower

Lychnis Chalcedonica (Maltese Cross), 3 ft. June to August. An old and valued plant with terminal heads of crimson flowers.

L. Haageana. 1 ft. July and August. A very showy perennial, producing orange-red scarlet or crimson flowers nearly 2 inches across.

L. vespertina fl. pl. The double white champion. Large flowers from June to September.

L. viscaria splendens. 2 ft. July. A splendid variety, with bright rose-pink flowers.

var. plena. A distinct and fine variety, with large double, fiery rose-colored flowers closely arranged on slender stems.

Monarda. Oswego Tea

Monarda didyma (Bee Balm). 2 to 3 feet. June and July. Showy heads of brilliant scarlet flowers in rich profusion throughout the summer; very effective.

M. fistulosa (Wild Bergamot). 2 to 4 feet. July. A pretty plant, producing purple flowers all summer.

Myosotis. Forget-me-not

Myosotis palustris semperflorens. Dwarf form, 8 inches high. An ever-blooming variety; very useful; blue flower with yellow eye.

PAEONIAS

We have eliminated from our list many varieties possessing no special merit. Our collection now includes about one hundred of the best known varieties, most of which are described in our GENERAL CATALOGUE.

We furnish old-fashioned gardens, complete in many designs, to fit any shape and sized plot or border. Prices range from \$1.00 to \$250.00, according to size.

Garden Collection No. 1. One plant each, Anemone, Aquilegia, Aster, Campanula, Chrysanthemum, Delphinium, Lychnis, Papaver, Phlox, Pyrethrum. Price \$1.00.

Garden Collection No. 2. Same as No. 1, and one each Viola, Vincetoxicum, Spirea, Monarda, Lobelia. Price \$1.50.

Garden Collection No. 3. Same as No. 1, 2, and one each Japan Iris, German Iris, Heuchera, Gaillardia, Foxglove. Price \$2.00.

Garden Collection No. 4. Contains 36 plants in 15 leading varieties. Price \$3.00.

Garden Collection No. 5. Contains 62 plants and bulbs in 20 varieties. Price \$5.00.

Garden Collection No. 6. Contains 137 plants and bulbs in 30 varieties. Price \$10.00.

Garden Collection No. 7. Contains 190 plants and bulbs in 36 varieties. Price \$15.00.

Garden Collection No. 8. Contains 325 plants and bulbs in 50 varieties. Price \$25.00.

Garden Collection No. 12. Contains 565 plants and bulbs in 74 varieties. Price \$56.00.

We shall be glad to quote special rates on larger collections. In writing please give size and shape of plot to be laid out and details will be furnished immediately.

Summer-Flowering Bulbs and Roots

Caladium Esculentum

This grand tropical plant, known as Elephant's Ear, makes fine effects in summer bedding, the leaves frequently measuring 3 by 4 ft. Largest tubers, 15c. each, \$1.20 for 10.

CANNAS

Our Canna fields when in bloom in August and September, make a grand showing and attract many visitors. We grow all the standard kinds and you will make no mistake in ordering from us.

We offer any of the following varieties in Started Plants, ready April 15, for 15 cts. each; \$1 per 10; \$8 per 100. Price for the set, \$1, pur-chaser paying transit.

Austria. 6 ft. Pure canary-yellow. Late.

Beaute Poitevine. 4 ft. Large crimson flowers.

Black Beauty. 5 ft. Bronze-leaved; for foliage effect. If sold alone, 25 cts.

Florence Vaughan. 3½ ft. Rich golden yellow spotted with red.

Italia. 3 ft. Bright orange-scarlet, yellow border.

Mad. Crozy. 3½ ft. Scarlet, with golden edge.

Pink Beauty. 4 ft. Bright pink.

President McKinley. 3 ft. Brilliant crimson.

Queen Charlotte. 4 ft. Bright orange-scarlet, margined with yellow.

Robusta. 6 ft. Large, dark foliage.

DAHLIAS

These summer and autumn-flowering plants are more popular than ever. They should not be planted until the weather has become warm and settled in spring, and should be taken up before severe frosts in autumn. They require a sunny

situation and rich soil, to bring out their full beauty. One shoot only should be allowed to each root. Roots should be kept in a warm, dry place during winter.

Cactus Dahlias

Comet. Silvery rose, speckled crimson. 35 cts.

Countess of Lonsdale. Salmon-pink. 25 cts.

Florodora. Deep crimson. 25 cts.

General Buller. Crimson, white-tipped. 25 cts.

Genesta. Amber, shaded yellow. 25 cts.

Green's White. Fine white. 25 cts.

Harbor Light. Vivid orange-red, tips overlaid with flame-color. 75 cts.

Geraniums

The varieties offered here are the best for bedding; free blooming, excellent foliage, are compact, stocky plants grown in a cool house and should not be compared with stock usually forced in a warmhouse and offered at much less price.

Price of any of the following 15 cts.; \$1.25 doz.; \$9.00 per 100.

Double Varieties

Alphonse Ricard. A semi-double Bruant of special merit; dwarf; very vigorous habit; large, green foliage; produces flowers in great masses. Florets and trusses are of enormous size, on very strong stalks; a profuse bloomer; color bright vermillion scarlet.

Double Gen. Grant, or Heteranthe. Color bright vermillion-scarlet; full, round florets, borne in large trusses on long stems; well branching, exceptionally strong and very vigorous; distinct, clean, healthily foliage, with a profusion of bloom.

Jean Viaud. The finest double pink Geranium. Brilliant rose pink, with white throat, fresh and exquisite; attracts attention everywhere. Magnificent semi-double flower; trusses of enormous size, sometimes measuring 6 inches in diameter, on long, rigid stems.

LaFavorite. The finest double white; pure color; flower of enormous size; a continuous bloomer, the plants being covered with flowers the entire season; has beautiful foliage and finest habit.

S. A. Nutt. The standard dark red Geranium; double; brilliant deep scarlet, with maroon shading; compact, vigorous grower; stands the sun best of any.

DAPHNE CREORUM

BUXUS. Boxwood

Buxus sempervirens (Tree Box). The finest decorative evergreen for porches, entrances and window boxes.

Tree Box. Bush Form, in pot or tub.

5 ft. in pot or tub.	5 00 45 00

Standard Box. 18 to 24 in. heads. 2 1/2 to 3 ft. stems in pot or tub \$2.50 each, \$20.00 per 10.

Dwarf Box. Very heavy for edging. \$1.00 per 10; \$8.00 per 100.

EUONYMUS. Spindle Tree

Euonymus radicans (Creeping Euonymus). A low procumbent shrub with ascending and spreading branches; leaves usually dull green above with whitish veins. Invaluable self-clinging vine. 4 years strong, 25 cts., \$2.00 per 10.

var. variegata (Variegated Creeping Euonymus). Similar to the above. Variegated with white, yellow and pink shades. Strong grower and very attractive on low walls. 2 years 25 cts., \$2.00 per 10.

KALMIA. Laurel

K. latifolia (Mounta in Laurel). Evergreen shrub with dense, round-topped head; leaves broad, glossy, dark green above and yellowish green below. The flowers, beautiful pink and white, are borne in large, terminal compound corymbs. In their prime about the middle of June. 12 in. clumps \$1.00, \$7.50 per 10; 18 in. \$1.25, \$10.00 per 10; 24 in. \$1.50, \$12.50 per 10. By the hundred or in carload lots, prices on application.

LEUCOTHOE

Leucothoe Catesbeiae (*Andromeda Catesbeiae*). Drooping Andromeda. Choice native evergreen shrub of great beauty and value; foliage heavy, shining green in summer, leaves and flower-buds assume a beautiful purple late in fall. 18 to 24 in. at 75 cents

RHODODENDRONS

broad-leaved evergreens; rich in foliage effect and magnificent in flower results. For mass planting nothing can compare with *R. maximum* at so small a cost. The hybrid varieties we offer have all been tested and found hardy in the climate of Boston and vicinity.

HYBRIDS

18 in. with buds \$1.25, \$10.00 per 10.

24 in. with buds \$1.50, \$12.50 per 10.

30 in. with buds \$2.00, \$17.50 per 10.

Album elegans. Blush, changing to white. Tall grower with fine truss.

Boule de Neige. Pure white.

Caractactus. Rich purplish crimson.

Delicatissimum. Clear white, delicately tinted with pink. Glossy foliage, good grower.

Everestianum. Best perfectly hardy Rhododendron. Rosy lilac, fringed and crimped.

Gen. Grant. Crimson-pink. Good habit and foliage.

Giganteum. Large, rosy crimson.

Gloriosum. White, bold flower and good foliage.

Mrs. Milner. Rich, dark red. Foliage and habit good.

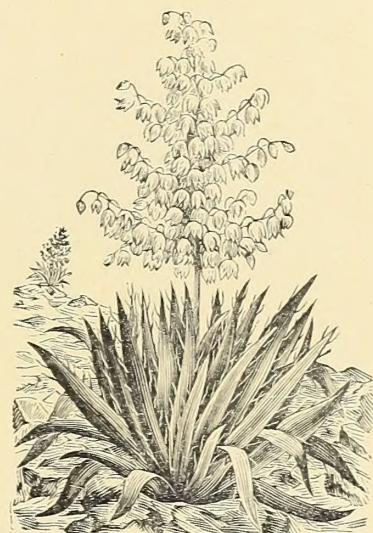

Roseum elegans. Best of all Rhododendrons. Fine rose color.

R. maximum (Great Laurel). Broad-leaved evergreen shrub. Flower rosy white to white, produced in late June and July. Foliage the most beautiful of any Rhododendron, being very thick, smooth and twice as large as that of any other sort. 2 ft. \$1, 3 ft. \$1.50, 4 ft. \$2. Prices on application, by hundred and carloads.

Vinca

Periwinkle, or Trailing Myrtle

Vinca minor. 8 in. Handsome evergreen foliage; showy bright blue flowers, borne freely in early spring and at intervals throughout the summer and autumn. 10 cts., \$8.00 per 100.

YUCCA FILAMENTOSA

YUCCA. Adam's Needle

Yucca filamentosa. An evergreen shrub with long-pointed leaves; producing panicles of large ivory; white flowers in midsummer. Extra strong plants 25 cts., \$2.00 per 10.

EVERGREEN TREES

Our new nurseries at Bedford contain the largest collection of Evergreen Trees to be found in New England. We do not attempt in this list to describe all the varieties we grow. The stock we offer has been root-pruned and several times transplanted. The trees are lifted with balls of roots which are wrapped with burlap before shipping, and we guarantee them to reach destination in perfect condition.

Evergreens in Tubs and Boxes. We have a large assortment of specimen evergreens of various sizes, established in tubs and boxes, suitable for VERANDA HALL and WINDOW decoration. These will be furnished at the regular rates, with cost of tubs or boxes added. (After serving their purpose, these plants can be transferred to open ground with safety.)

ABIES. Fir

Abies balsamea. Balsam Fir. One of our hardest evergreens; of pyramidal and rapid growth dark green foliage, silvery beneath. 2 to 3 ft. 50 cts.; \$4.00 per 10; 3 to 4 ft. 60 cts., \$5.00 per 10; 4 to 5 ft. 90 cts., \$7.50 per 10; 5 to 6 ft., \$1.00, \$9.00 per 10.

A. concolor (White Fir). A native species, with long, broad foliage, bluish above and silvery beneath. Of all Fir trees, it best withstands heat and drought. Very hardy and grows rapidly; graceful and most desirable. Exceedingly rare. 3 ft. \$3.50, \$30.00 per 10; 4 ft. \$5.00; 5 ft. \$7.50; 6 ft. \$10.00. Large specimens \$12.00 to \$25.00 each.

A. Fraseri. Similar to the Balsam Fir, with richer and darker foliage. Very desirable. 2 to 3 ft. 50 cts., \$4.00 per 10; 3 to 4 ft. 75 cts., \$6.00 per 10.

PICEA. Spruce

Picea Alba (White Spruce). A native of the northern parts of America. One of our best conifers. Compact and upright grower. Of great longevity. Light, silvery green foliage. Will stand severe pruning. Used for windbreaks and hedges. 3 ft. 60 cts., \$5.00 per 10; 4 ft. 75 cts., 5 ft. \$1.00.

P. Engelmanni (Engelmann's Spruce). Form dense, and narrow pyramidal in young trees. Foliage compact and of a bluish tint. Closely resembles the *Picea pungens*. 2 ft. 60 cts., \$5 per 10; 3 ft. 95 cts., \$8 per 10; 4 ft. \$1.50.

P. excelsa (Norway Spruce). Extensively planted as an ornamental in northern and eastern states. Graceful habit and rapid growth. Foliage dense and dark green. Used for shelters and windbreaks. 3 ft. 60 cts., \$5.00 per 10; 4 ft. 90 cts., \$8.00 per 10; 5 ft. \$1.25, 6 ft. \$2.50.

var. invera (Weeping Norway Spruce). Ss. Drooping branches closely appressed to the stem. Desirable as a novelty. 3 ft. \$2.00, 4 ft. \$3.00, 5 ft. \$5.00.

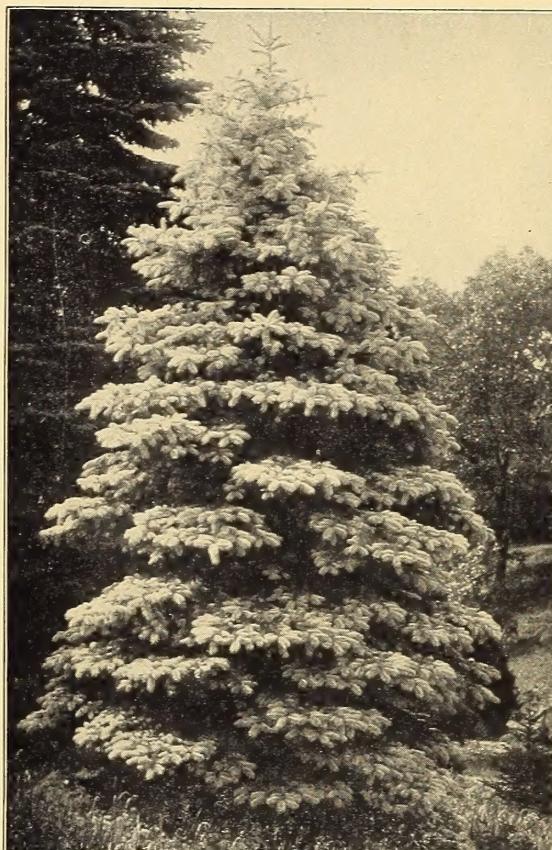

P. excelsa Compacta. Small dense growth. 12 in. 75 cts., 18 in. \$1.25.

P. ex. conica. Cone-like growth: very dense, dwarf and compact. One of the best of small growing Conifers. 18 in. 75 cts., 2 ft. \$1.00, 3 ft. \$2.00.

P. ex. Aurea. A golden-leaved form, most beautiful and distinct. In the early part of the season this is a brilliantly colored tree and quite a favorite with planters. 6 ft. \$5.00.

P. ex. pyramidalis. Of tall, slim pyramidal growth, very useful in many locations. 2 ft. 75 cts., 3 ft. \$1.00.

P. nigra (Black Spruce). Native variety, resembling *Picea excelsa*. Often pendulous branches forming narrow, irregular head. Bark brown or yellowish brown. Foliage light green. 3 ft. \$1.00.

PICEA PUNGENS GLAUCA
(Colorado Blue Spruce)

P. polita (Tiger tail Spruce). A tree forming a dense, broad pyramid, with rich stout branches. Stiff and sharp leaves of a pleasing shade of green. 2 ft., 75 cts., 3 ft. \$1.00.

P. orientalis (Eastern Spruce). Graceful Spruce, with dark glossy foliage. Slow growth. 18 in. 50 cts., \$4.00 per 10; 2 ft. 75 cts.

P. pungens (Colorado Spruce). Handsome and hardy, of symmetrical and pyramidal habit, with light, sometimes almost silvery white foliage. 2 ft. \$1.00, \$7.50 per 10; 3 ft. \$2.00, 4 ft. \$3.00, 5 ft. \$4.00.

var. glauca (Colorado Blue Spruce). Form of *Picea pungens*, with the same general character but the foliage is of an exceedingly rich, silvery blue. Very valuable and handsome. 2 ft. \$2.50, 3 ft. \$4.00, 4 ft. \$6.00.

var. Kosteriana (Koster's Blue Spruce). Form of *Pungens*. Foliage steel-blue. Color uniform. 2 ft. \$3.00, 3 ft. \$5.00, 4 ft. \$7.00.

PINUS. Pine

Pinus Austriaca (Austrian Pine). One of the best evergreens for seashore planting. Vigorous growth. A variety with long, dark green stiff needles. 2 ft. 50 cts., 3 ft. 75 cts., 4 ft. \$1.00.

P. Cembra (Swiss Stone Pine). A tree of conical form; silvery foliage. An elegant and valuable ornamental. 2 ft. \$1, 3 ft. \$2, 4 ft. \$2.50.

P. excelsa (Bhotan Pine). Resembles the White Pine. Leaves are more silvery, graceful and pendulous. A noble tree. 2 ft. 50 cts., 3 ft. 75 cts.

Pinus Mughus (Dwarf Mountain Pine). Very valuable where a low, dense, spreading growth is desired. Foliage deep green and leaves short. Very hardy. We offer some fine specimens of this variety. 18 in. 75 cts., 2 ft. \$1.00, 3 ft. \$2.50.

Pinus resinosa (Red Pine). A native Pine with red bark and light green foliage. 2 ft. 40 cts., 3 ft., 60 cts.

P. Strobus (White Pine). One of the most valuable and stately of our native evergreens. Light silvery foliage. Highly ornamental. Should be extensively planted. 2 ft. 50 cts., \$4.00 per 10; 3 ft. 75 cts., \$6.00 per 10.

P. sylvestris (Scotch Pine). One of the hardiest of the Pines. Growth dense. Foliage bluish green. Valuable for shelter. 3 ft. 50 cts., 4 ft. 75 cts., 5 ft. \$1.00.

RETINOSPORA. Japan Cypress

R. filifera (Thread-branched Japan Cypress). A tree of very graceful appearance with bright green foliage, slender, string-like and drooping. Very beautiful and ornamental. 18 in. 50 cts., 2 ft. 75 cts., 3 ft. \$1.00.

R. plumosa (Plume-like Japan Cypress). Useful for specimens or hedges; foliage light green and plume-like; extensively planted. 4 ft. \$2.00, 2 ft. 75 cts., 18 in. 50 cts.

var. aurea (Golden Japan Cypress). Lm. Golden form of R. plumosa. 2 ft. \$1.00.

THUYA. Arborvitae

Thuya occidentalis (American Arborvitæ). Mr. The common upright, densely branched evergreens so commonly used for single specimens, hedges and windbreaks. Stands close pruning. 2 ft. 30 cts., \$2.50 per 10; 3 ft. 50 cts., \$4.00 per 10, 4 ft. \$1.00, 5 ft. \$1.50.

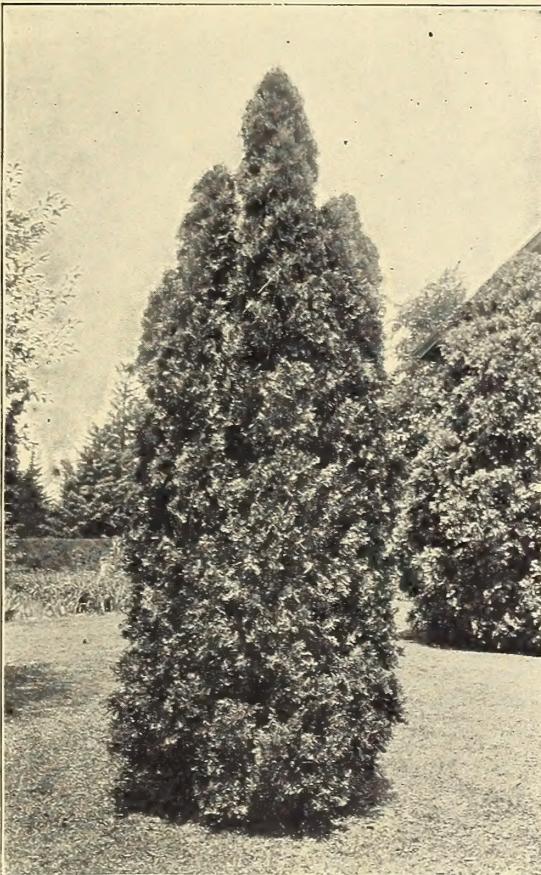

var. aurea (George Peabody's Arborvitæ). Mr. A choice variety, with foliage of the most intense golden color. 2 ft. \$1.00, 3 ft. \$1.50, 4 ft. \$2.00.

var. Columbia. Of strong habit. Foliage broad with beautiful silvery variegation. 3 ft. \$1.00.

var. globosa (Globe Arborvitæ). A dense, low, globular bush, with rich green foliage, which does not take on objectionable colors in winter. 18 in. 50 cts., \$4.00 per 10.

var. Hoveyi (Hovey's Golden Arborvitæ). Ds.

Another low, globular form, with foliage of a distinctly golden tinge. 18 in. 50 cts., 2 ft. 75 cts., 3 ft. \$1.50.

PYRAMIDAL ARBOR VITAE
(From specimens on our grounds.)

var. Lobbi (Lobb's Arborvitæ). Mr. A splendid sort of graceful habit and rich, glossy green foliage. 2 ft. 50 cts.

var. pyramidalis (Pyramidal Arborvitæ). Of very distinct, columnar growth; very densely branched and with foliage of a rich, dark glossy green, which does not change appreciably in color during the winter months. 2 ft. 50 cts., 3 ft. \$1.00, 4 ft. \$1.50, 5 ft. \$2.00.

var. Siberica (Siberian Arbor vitæ). Very distinct variety, with coarser foliage than the type and less upright in habit of growth; forms a broad, dense bush, giving a rich green effect. Very desirable for single planting or as a hedge plant. 18 in. 50 cts., 2 ft. \$1.00, 3 ft. \$2.00.

var. Siberica; syn., **Warreana** (Siberian Arborvitæ). A very hardy variety with heavy bluish green foliage. 4 ft. \$2.00, 5 ft. \$3.00.

var. Tom Thumb. Of slow compact growth and symmetrical habit. Very dwarf. 12 in. 50 cts.

var. Vervaeneana (Vervæne's Arborvitæ). Sm. A very choice variety. Dense habit; foliage variegated with yellow. 18 in. 50 cts., 24 in. 75 cts., 3 ft. \$1.00.

T. var. p. minima. Little Gem. Very dwarf, not making over an inch of growth yearly, spreading out into a mat of foliage. 75 cts.

Thuya Standishii. A distinct and the only hardy form of Thuyopsis. Certainly a beautiful evergreen worthy of cultivation. 3 ft. \$1.00.

TSUGA. Hemlock

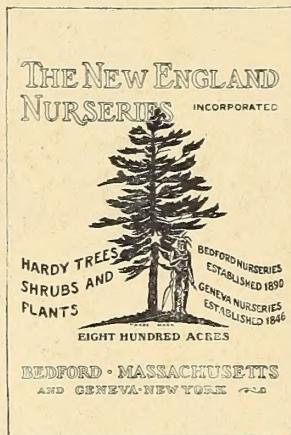

Tsuga Canadensis (Hemlock). Lr. A broadly pyramidal, medium-sized tree of dense growth, with rich green foliage. Branches thickly set, with more or less pendulous tendency, giving a particularly graceful effect to the whole. Choice as a single lawn tree or for hedge purposes, succeeding in all except particularly bleak situations. 18 in. 40 cts., \$3.50 per 10; 24 in. 60 cts., \$5.00 per 10; 3 ft. \$1.00, 4 ft. \$1.50.

FULL DESCRIPTION WITH PRICES GIVEN IN OUR NEW GENERAL CATALOG

OUR NEW ILLUSTRATED CATALOG

WE shall be pleased to mail free a copy of our New Illustrated Catalog to all who indicate a desire for it. The book contains reliable information and planting suggestions of interest to all who have homes to beautify and gardens to plant. It also describes the trees, shrubs and plants hardy in New England. It will be mailed only upon request.

AN INVITATION

We cordially invite all who can to visit our Nurseries. Our grounds lie along and on both sides of "The Great Road" leading from Lexington and Bedford to Concord. Electric cars marked either "Concord" or "Lowell," leaving Sullivan Square at frequent intervals, pass directly through or make connections with cars passing through our Nurseries. Visitors may also take train from North Union Station, Boston, (B. & M.R.R.) for Shady Hill Station, Bedford. This station is located in the center of our Nursery.
